# ABOUT US

Nesiller Plastik, established in 2015, operates out of a 10,000 m<sup>2</sup> manufacturing facility and employs fully automated production line with capacity of 5.000 tons per year. Our strength in export operations is reflected in our capabilities in production, packaging, and supply, encompassing plastic injection cutlery, tableware, PET leakproof products, and sauce cups. You can rely on the consistent quality of our seamless global operations. We exclusively use high-quality raw materials to uphold the highest standards of product excellence.

Our products cater to various sectors, including aviation, restaurant chains, and the food and packaging industries. We are committed to advancing the disposable food packaging sector by gaining a comprehensive understanding of the supply chain and offering a broad range of products, such as PS cutlery, PP items including sauce cups with hinged lids, leakproof PET containers, clamshell containers, sauce containers, oval containers, and containers for baklava and cheese. Additionally, we bring extensive experience in providing diverse packaging solutions with flexible artwork options and a wide variety of labeled and printed cartons and bags.

At Nesiller Plastik, we are eager to explore new projects and ideas, leveraging our extensive experience and production capabilities. We are dedicated to delivering outstanding service through our commitment, competence, and responsibility, and we focus on building long-term partnerships based on honesty and transparency in all our interactions.
